COMPETITION

for student enrollment in the 2026/2027 school year

• **NURSE TECHNICIAN**

Up to 28 students in the first year of basic vocational studies

Enrollment requirement completed four-year high school and passed the entrance exam in Biology.

Candidate order for enrollment in the first year of study is determined based on high school grades and entrance exam results, so that a candidate can earn a maximum of 100 points. General high school grades are the sum of average grades in all grades multiplied by two, so that a candidate can earn a minimum of 16 and a maximum of 40 points. General high school grades are calculated by rounding to two decimal places. Based on the entrance exam, a candidate can earn a maximum of 60 points (the requirement for passing the entrance exam is 31 points). In the event of an equal number of points, the candidate with the higher number of points from the entrance exam has priority.

Candidate registration procedure in the first year of study, it is conducted by the School's committee. The commission performs the following tasks: reviews the applications of the competition participants, determines the time for taking the entrance exam, determines the order of candidates and publishes on the School's notice board a list of candidates who have met the requirements for enrollment in the first year of studies, as well as a list of candidates who have not met the requirements for enrollment in studies.
